## Best practices:

### Adv. B. P. Apte Memorial National level Mock Trial, Moot Court & Judgment Writing Competition

Adv. Balasaheb Apte Memorial National Level Mock Trial, Moot Court & Judgment Writing Competition, has been organised by college every year except the pandemic, and even during the pandemic the competition took place in an online form. For this much-anticipated competition we have always received a warm and encouraging response from law schools and universities, including National Law Schools across the country; participating and bringing together the budding legal talent from all over nation's law schools on to the remarkable platform provided by our college. In a bid to test the students' legal skills from an all-encompassing perspective, the preliminary rounds are designed such as to assess the trial advocacy skills of the contestants, along with an in-depth understanding of criminal law and procedures involved. This is one of the unique element which makes our competition one of its kind in the city. This is where we try to build a bridge on the chasm from the syllabic-theoretical knowledge & practical knowledge, understanding and experience; furthermore, stimulating the legal acumen and understanding of the participants.
